

Allowed directories for users software installations

There are a few options for local users installation locations as showed on the next table, create appropriate paths bellow the base directory.

Site	Base Directory	Comments
CNCA-Lisbon (Cirrus-A)	/home/GROUP/USERNAME	
CNCA-Lisbon (Cirrus-A)	/data/GROUP/USERNAME	
CNCA-Lisbon (Cirrus-A)	/data/GROUP	<i>available on request</i> and a responsible must be appointed
CNCA-Lisbon (Cirrus-A)	/exper-sw	legacy location, to be moved whenever possible
CNCA-Vila Real (Cirrus-D)	/home/GROUP/USERNAME	

- GROUP: User group name
- USERNAME: User login name

“ **NOTE** Some applications may have dependencies requiring cluster wide installation of packages, please contact the support: helpdesk (at) acnca.pt.
